Hello, this is Christina. Welcome to the Egyptian Colloquial Arabic for Beginners course. In this course, you are going to learn the basics of Egyptian Arabic that will enable you to participate in basic life conversations with Egyptians. In module one, we are starting with readings and self-introduction. Our lessons include a variety of learning materials and activities to help you learn and practise. Let's take a quick overview on module one, where you will be offered a written content along with audio files to help you with speaking and listening practice. We also offer you videos that have interactive activities to help you learn the greetings quickly. You will also learn about the personal pronouns through both written content and infographics to help you memorize all the pronouns. You will find interactive lessons and activities on PowerPoint to learn about the countries and nationalities. We also give you many conversations that are written and recorded for you to practice. At the end of every lesson, you'll have a big conversation that includes the main terms and expressions that you learnt and puts it into context for you to be able to learn how to use them. They'll be written and recorded as well.
